RE: FCC FORM 481 – CARRIER ANNUAL REPORTING DATA COLLECTION CONFIDENTIAL FINANCIAL INFORMATION - SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-0135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION (FILED IN DOCKETS 14-58) AND CONFIDENTIAL FINANCIAL INFORMATION FILED PURSUANT TO SECTIONS .457 AND .459 OF THE FEDERAL COMMUNICATIONS COMMISSION RULES

Dear Ms. Dortch,

Lathrop Telephone Company hereby submits the attached redacted and confidential versions of its "FCC Form 481 – Carrier Annual Reporting Data Collection" financial information pursuant to sections §54.313 and §54.422 of the Commission's rules, as filed with the Universal Service Administrative Company.

Section 3005 of Form 481 requires the filing of financial information per 47 C.F.R. §54.313(f)(2). Company maintains that this information is "Confidential Financial Information" on the grounds that it is competitively sensitive information which could be used to disadvantage or harm Company and is submitting this information pursuant to Protective Order, DA 12-1857 as described below. In addition, Company is requesting confidential treatment pursuant to sections 0.457 and 0.459 of the Commission's rules for the Five-Year Service Quality Improvement Plan that is required by section 54.313(a)(1) to be attached to this report. Similar to the financial information submitted under section 54.313(f)(2), the information contained in the Five-Year Service Quality Improvement Plan contains competitively sensitive information, including but not limited to projected build-out plans and capital expenditures, that is secure from public access that could be used by a competitor to disadvantage or harm the Company.

First, Lathrop Telephone Company is submitting the 54.313(f)(2) "Confidential Financial Information" as a "Stamped Confidential Document" with each page bearing the legend CONFIDENTIAL FINANCIAL INFORMATION - SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-0135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION and also submitting the .457 and .459 "Confidential Financial Information" as a "Stamped Confidential Document" with each page labeled "CONFIDENTIAL – NOT FOR PUBLIC INSPECTION". One copy of the "Stamped Confidential Document(s)" and accompanying cover letter are enclosed.

Second, Lathrop Telephone Company is submitting the "Stamped Confidential Document(s)" as a "Redacted Confidential Document" where the "Confidential Financial Information" has been redacted. Two copies of the "Redacted Confidential Document(s)" and accompanying cover letter with each page labeled "REDACTED - FOR PUBLIC INSPECTION" are enclosed.

Finally, Lathrop Telephone Company is submitting two copies of the "Stamped Confidential Document(s)" and accompanying cover letter to Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 Twelfth Street S.W., Room 5-A452, Washington, D.C. 20554.

FCC Form 481 was also filed prior to July 1st with the Missouri Public Service Commission.

Please contact me with any questions you have on this filing.

Sincerely,

/s/ Dave Beier

Dave Beier Consulting Manager GVNW Consulting, Inc. (217) 698-2700 dbeier@gvnw.com

FCC Form 481 - Line 510

Lathrop hereby certifies that it is complying with applicable service quality standards and consumer protection rules.

Description of Service Quality Standards and Consumer Protection Rules Compliance

- Lathrop complies with the consumer protection, quality of service standard, service
  objective level, customer inquiry and customer dispute provisions of the state of Missouri
  as promulgated in Missouri Code of State Regulations 4 CSR 240 Chapters 32 and 33
  (even though compliance with these regulations has been waived by the Missouri Public
  Service Commission). Lathrop is committed to providing the highest quality service to its
  customers.
- 2) Lathrop complies with the requirements of 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and Subpart Y, Truth in Billing Requirements for Common Carriers, and Federal Trade Commission Red Flag rules to prevent identity theft. A company manual for CPNI and Red Flags is in place, and employee training is conducted annually and new hires are instructed on the programs as required by their job functions.
- 3) The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

FCC Form 481 - Line 610

Lathrop hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)1 and the Missouri Code of State Regulations.

Description of Functionality in Emergency Situations

- Lathrop maintains a Disaster Recovery manual, which has been filed with the Missouri Public Service Commission.
- Lathrop has a reasonable amount of back-up power to ensure functionality without an
  external power source, is able to reroute traffic around damaged facilities, and is capable
  of managing traffic spikes resulting from emergency situations.
- 3) Specifically, Lathrop's office is equipped with a battery backup system capable of powering the equipment for a minimum of 8 hours with no outside power source. It also has a backup emergency generator (with a minimum of 35 kilowatts) capable of running for an extended number of days on liquid propane or diesel fuel. Where the company has deployed fiber to the home technology, the customer NID's have a UPS battery backup in case of emergency. Lathrop and its affiliated companies have built redundant facilities between its offices and also back to its toll facilities which exit to the public switched telephone network. This redundant facility is in the form of SONET or Asynchronous transport. The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require. Lathrop takes no responsibility for the capabilities of interconnected networks to manage traffic spikes resulting from emergency situations, but will continue its best efforts for its own network during such events.

#### I understand the following obligations and provisions about the Lifeline and Disabled programs:

- The Lifeline and Disabled programs are government benefit programs and that willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program.
- Only one Lifeline or Disabled service is available per household.
- A household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at
  the same address and share income and expenses.
- A household is not permitted to receive Lifeline or Disabled benefits from multiple providers or combine Lifeline and Disabled program benefits.
- Violation of the one-per-household limitation constitutes a violation of rules and will result in the subscriber's de-enrollment from the program.
- Lifeline and the Disabled program are non-transferable benefits and the subscriber may not transfer his or her benefit to any other person.

  receiving Lifeline or Disabled benefits including, as relevant, if I no longer meet the income-based or program-based criteria
  for receiving Lifeline or Disabled support, I receive more than one Lifeline or Disabled benefit, or another member of my
  household is receiving a Lifeline or Disabled benefit.
- If I move to a new address I will provide that new address to my voice service provider within 30 days.
- If I have a temporary residential address then I will be required to verify my address with my voice service provider every 90 days.
- My household will receive only one Lifeline or Disabled service and, to the best of my knowledge, my household is not already receiving a Lifeline or Disabled service.
- I acknowledge the obligation to re-certify my continued eligibility for Lifeline or Disabled benefits at any time and failure to
  re-certify my continued eligibility will result in de-enrollment and the termination of Lifeline or Disabled benefits.
- I consent to providing my name, telephone number and address to the Universal Service Administrative Company for the

#### LIFELINE SERVICE

# A. General Regulations

- Lifeline service is available to qualifying low-income subscribers for single-party residence service.
- 2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
- Lifeline will not be furnished on a Foreign Exchange service.
- Lifeline service shall not be disconnected for non-payment of toll charges.
- Toll blocking provides a means of restricting access to the Long Distance
   Message Telecommunications Network. Toll blocking for the purposes of
   lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
  - a. If the customer chooses "toll blocking" the company will not charge a service deposit.
  - Toll blocking is offered to Lifeline subscribers at no charge.

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Lathrop Telephone Company Lathrop, Missouri

# Report on the Financial Statements

We have audited the accompanying balance sheets of Lathrop Telephone Company (a Missouri corporation) as of December 31, 2013 and 2012, and the related statements of income, comprehensive income, stockholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment; including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lathrop Telephone Company as of December 31, 2013 and 2012, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# Report on Other Legal and Regulatory Requirements

Kieseine associates 4.9

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated April 10, 2014, on our consideration of Lathrop Telephone Company's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in assessing the results of our audit.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Presentation

Lathrop Telephone Company (herein referred to as "the Company") is a provider of telecommunications exchange and local access services, internet and telecommunications equipment in a service area located primarily in Clinton County, Missouri.

The accounting policies of the Company conform to accounting principles generally accepted in the United States of America. Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Management has evaluated subsequent events through April 10, 2014, the date the financial statements were available for issue. Telephone operations reflect practices appropriate to the telephone industry. The accounting records of the telephone company are maintained in accordance with the Uniform System of Accounts for Class A and B Telephone Companies prescribed by the Federal Communications Commission (FCC) as modified by the state regulatory authority.

#### Cash Equivalents

All highly liquid investments with a maturity of three months or less at the time of purchase are considered cash equivalents.

#### Accounts Receivable

Receivables are reported at the amounts the Company expects to collect on balances outstanding at year end. The Company monitors outstanding balances and periodically writes off balances that are determined to be uncollectible. The Company has concluded that losses on balances outstanding at year end will be immaterial.

#### Investments

Temporary and other investments consist primarily of investments in bank certificates of deposit which are carried at cost, which approximates market.

Marketable securities bought and held principally for selling in the near future are classified as trading securities and carried at fair value. Unrealized holding gains and losses on trading securities are reported in earnings. Marketable securities classified as available-for-sale are carried at fair value with unrealized holding gains and losses recorded as a separate component of stockholders' equity. Debt securities for which the Company has both the positive intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortized cost. The Company uses the average cost method of computing realized gains and losses.

## NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Investments (Continued)

Nonmarketable equity investments over which the Company has significant influence are reflected on the equity method. Other nonmarketable equity investments are stated at cost.

## Property, Plant and Equipment

Property, plant and equipment is capitalized at original cost including the capitalized cost of salaries and wages, materials, certain payroll taxes, employee benefits and interest incurred during the construction period.

The Company provides for depreciation for financial reporting purposes on the straight-line method by the application of rates based on the estimated service lives of the various classes of depreciable property as approved by the Missouri Public Service Commission. These estimates are subject to change in the near term.

Renewals and betterments of units of telephone property are charged to telephone plant in service. When telephone plant is retired, its cost is removed from the asset account and charged against accumulated depreciation less any salvage realized. No gains or losses are recognized in connection with routine retirements of depreciable telephone property. Repairs and renewals of minor items of telephone property are included in plant specific operations expense.

#### Long-Lived Assets

The Company would provide for impairment losses on long-lived assets when no longer cost of service regulated, indicators of impairment are present and the undiscounted eash flows estimated to be generated by those assets are less than the assets' carrying amount. Based on current conditions, management does not believe any of its long-lived assets are impaired.

#### Income Taxes

The Company is included in the consolidated tax return with its parent for income tax purposes. For financial reporting purposes, income taxes are presented by apportioning the consolidated tax provision in the ratio of the income taxes to be paid as if each were filling a separate return.

Income taxes are accounted for using a liability method and provide for the tax effects of transactions reported in the financial statements including both taxes currently due and deferred. Deferred taxes are adjusted to reflect deferred tax consequences at current enacted tax rates. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred taxes arise from property, plant and equipment and certain payables. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible, when the assets and liabilities are recovered or settled.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## Revenue Recognition

The Company recognizes revenues when earned regardless of the period in which they are billed. The Company is required to provide telephone service to subscribers within its defined service territory.

Local network service and internet revenues are recognized over the period a subscriber is connected to the network.

Network access revenues are derived from charges for access to the Company's local exchange network. The interstate portion of access revenues is based on an average schedule company settlement formula administered by the National Exchange Carrier Association (NECA) which is regulated by the FCC. The intrastate portion of access revenues is billed based on an individual company tariff access charge structure approved by the Missouri Pubic Service Commission. The tariff's developed from this structure are used to charge the connecting carrier and recognize revenues in the period the traffic is transported based on the minutes of traffic carried.

The Company recognizes internet related revenues charged to its end user customers in the statement of income as internet services. Included in network access services is the settlement received from NECA related to using the regulated plant facilities to provide internet services. Payments made to NECA under the wholesale DSL program associated with the use of the regulated plant facilities to provide high speed internet service are included in cost of internet services and totaled in 2013 and 2012, respectively.

Other revenues include contractually determined arrangements for the provision of billing and collecting services and are recognized in the period when the services are performed.

#### Advertising Costs

Advertising costs are expensed as incurred. Advertising expenses were in 2013 and 2012, respectively.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Fair Value Measurements

The Company determines the fair value of its financial assets and liabilities based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following three levels of inputs may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

#### Reclassifications

Certain reclassifications have been made to the 2012 financial statements to conform with the 2013 presentation.

#### NOTE 2. SECURITIES INVESTMENTS

#### NOTE 2. SECURITIES INVESTMENTS (Continued)

There were no proceeds from sales or realized gains or losses on sales of available-for-sale securities during 2013 and 2012. The change in net unrealized holding losses on available-for-sale securities included as a separate component of comprehensive income before tax totaled in 2013 and 2012, respectively.

Investments measured at fair value are valued at Level 1 in the fair value hierarchy.

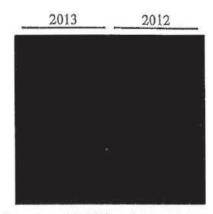

## NOTE 3. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment includes the following:

Telephone plant in service:

Land
Buildings
Furniture and office equipment
Vehicles and work equipment
Central office assets
Cable and wire facilities
Other plant and equipment

Total property, plant and equipment

Depreciation on depreciable property resulted in composite rates of 5.65% and 16.50% for 2013 and 2012, respectively.

Beginning January 1, 2012, the Company's depreciation rate on buried cable was increased to more accurately reflect the estimated remaining service life of this equipment. This change resulted in approximately additional depreciation expense in 2012. Depreciation expense returned to ordinary levels during 2013.

## NOTE 4. INCOME TAXES

Income taxes reflected in the Statements of Income consist of the following:

Federal income taxes:
Current tax expense (benefit)
Deferred tax expense (benefit)
State income taxes:
Current tax expense (benefit)
Deferred tax expense (benefit)
Total income tax expense (benefit)

# NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

### NOTE 4. INCOME TAXES (Continued)

Cash paid (received) for income taxes and estimated income taxes for 2013 and 2012 totaled respectively.

Deferred federal and state tax liabilities and assets reflected in the Balance Sheets are summarized as follows:

Deferred Tax Liabilities
Federal
State
Total Deferred Tax Liabilities

Deferred Tax Assets
Federal
State
Total Deferred Tax Assets
Net Deferred Tax Liabilities

Current Portion
Long-term Portion
Net Deferred Tax Liabilities

Prepaid income taxes of appearing on the Balance Sheets at December 31, 2013 and 2012, respectively, reflect overpayments of estimated taxes.

The tax provision differs from the expense that would result from applying the federal statutory rates to income before income taxes because of state income taxes.

The Company has evaluated its income tax positions and has determined that there are no uncertain income tax positions that need to be recorded or reported in the financial statements at December 31, 2013.

The Company's federal and state income tax returns for years 2010 to present remain subject to examination.

#### NOTE 5. DEFINED CONTRIBUTION PENSION PLAN

The Company provides an optional savings plan administered by NTCA for its employees. Employees are allowed to contribute up to 20% of their salary. The Company contributes under a matching formula up to 3% of the employees' salaries in addition to the voluntary contribution. Savings plan costs expensed and capitalized for the years ending December 31, 2013 and 2012, totaled respectively. At December 31, 2013, the Company has no employees.

# NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

#### NOTE 6. MULTIEMPLOYER DEFINED BENEFIT PENSION PLAN

The Company contributes to the "Retirement and Security Program (R&S) for Employees of the National Telecommunications Cooperative Association (NTCA) and Its Member Systems". The multiemployer program is a defined benefit pension plan covering most employees. The risk of participating in this multiemployer plan is different from single-employer plans in the following aspects:

- Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to the plan, the unfunded obligations
  of the plan may be borne by the remaining participating employers.
- If the Company chooses to stop participating in the multiemployer plan, they may be required to pay the plan an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Company's participation in this plan for the annual period ended December 31, 2013, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employer Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2013 and 2012 is for the plan's year-end at December 31, 2012, and December 31, 2011, respectively. The zone status is based on information that the Company received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded, and plans in the green zone are at least 80 percent funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or rehabilitation plan (RP) is either pending or has been implemented.

The Program does not have a certified zone status as currently defined by the PPA because the Program is considered a multiple employer plan pursuant to the Internal Revenue Code and ERISA.

DID/DD

At the date the financial statements were issued, Forms 5500 were not available for the plan years ending in 2013.

At December 31, 2013, the Company has no employees.

# NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

#### NOTE 7. RELATED PARTY TRANSACTIONS

The Company is a wholly-owned subsidiary of Grand River Mutual Telephone Corporation, Princeton, Missouri. The parent company and its subsidiaries provided certain accounting, commercial and other operational services at cost to the Company, aggregating and in 2013 and 2012, respectively. In connection with providing long distance services to the customers of Lathrop Telephone Company, Grand River Mutual Telephone Corporation paid the Company for billing and collection services during 2013 and 2012, respectively.

#### NOTE 8. CONCENTRATIONS OF CREDIT RISK

The Company grants credit to customers, all of whom are located in the franchised service area, and telecommunications intrastate and interstate long distance carriers.

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash equivalents and temporary investments. The Company places its temporary investments in several financial institutions which limits the amount of credit exposure in any one financial institution.

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

#### NOTE 9. NONCASH FINANCING ACTIVITIES

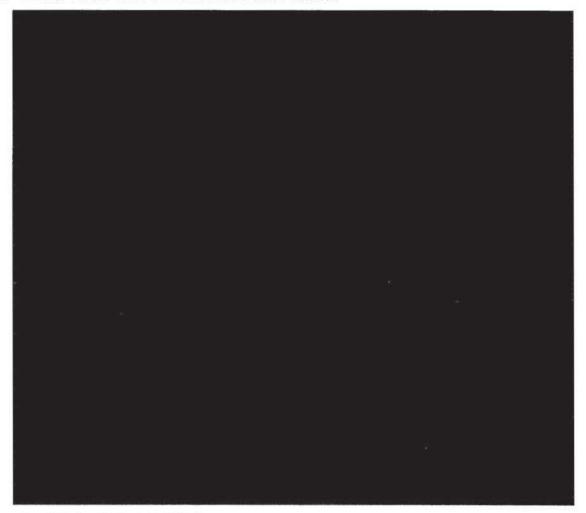

Noncash financing activities for the years ended December 31, 2013 and 2012, included in dividends accrued but unpaid at year end totaled

#### NOTE 10. REGULATORY ACCOUNTING

For its telephone operations, the Company follows generally accepted accounting principles for regulated enterprises. Accordingly, the Company defers certain cost and obligations and depreciates plant and equipment over lives approved by regulators. While the Company continues to believe the current regulatory and competitive environment supports this accounting treatment, should conditions change the Company would be required to write-off these deferred cost and obligations and evaluate the net carrying value of its plant and equipment for any impairment losses absent the future recovery currently permitted by the regulators.

# NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

# NOTE 11. BROADBAND INITIATIVES PROGRAM GRANT

## NOTE 12. REGULATORY MATTERS

The Company received 40% of its 2013 revenues from access revenues and assistance provided by the Federal Universal Service Fund. As a result of the National Broadband Plan the manner in which access revenues and Universal Service Funds are determined has been modified by the Federal Communications Commission in an order effective December 29, 2011. Among other things, this order provides for (1) a requirement to provide broadband services; (2) the establishment of a Connect America Fund (CAF) to replace current USF and high cost support mechanisms with a cap on the total fund; (3) modifications to the current rate of return support model including caps on the recovery of certain expenditures; (4) a reduction in the terminating access charges billed by the Company over a nine year period with eventual transition to a bill-and-keep framework for the exchange of traffic between carriers; (5) a new access recovery charge on monthly customer bills; and (6) a national framework for reporting and oversight.

# NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

# NOTE 12. REGULATORY MATTERS (Continued)

The order calls for further guidelines to be adopted on implementation and other topics. Portions of this order applicable to the Company are being challenged. Accordingly, neither the outcome of these proceedings nor their potential impact on the Company can be predicted at this time.
